

Ans - Sunday Jan 14<sup>th</sup> 2 P.M.

Brother William

Your kind note came  
to hand on the evening of the 8<sup>th</sup>  
and while it assured me of no  
change of feeling towards me  
yet was a death knell to hopes  
that for the past two months have  
kept me from giving up discouraged.  
I will wait with prayer and hope  
that your fondest wishes may  
soon be realized, when you

hand will be able to obey the  
dictates of your heart. The details  
of my situation are before you, and  
I was surprised for your inability to  
help me. I can only wait with  
prayer and hope that your fondest  
wishes may soon be realized, when  
your hands will be able to obey the dictates  
of your heart.
