you from studying it, for
you will not enjoy it as much.
Tell Miss Baskin, I would
be glad for her to come
over to the village if she
has time - the railroad
fare is very little.

Tell everyone I'd be home
in three or four days -
2-2 more days !!

Love to all

Dear Alphonse is coming to
see us next fall, he said.

Dear Mother,

I have just 10 min.

I was going to write with the
machine & do it quickly but
some one - a girl - took it
off. It made me rather
mad, because didn't tell her
she could.

I know you must be
tiring very & you have to
work for next 2 weeks. I
thought wilds was staying
at Miss Webster's. Why not let
her?

July 18, 1919.

Don't you get yourself all
tired out... it's the best to
be much cooking. So bidder
going to stay at our house
until Jim home? I guess
if he is he's here to prepare
the run & dodge, I'd like when
I get home if Jim going to
be just as I please.

I suggest you for my
convenience courses, you've
taken them courses in the same
subject you get \$5, discount. He
I will take the Bills - I
have to have them before I
finish, I can get my quarter
the Reason etc. as before
I pay the money - as I am
A. Brown said, I will be
\$2.5, for the two - have you

get that much to send?
you can wait until you do
if you don't, because just
not get them before I can
will be time enough. I had
planned on taking an
Ancient History but I can not
get the \$5, off with that course
& one in Bills as I
need two in Bills I have
decided to take them together.
Mother's book & one of
your old manual is the one
that they will use - I can
send you mine - it maybe
a last edition. I am glad
that you are going to take
the course, it is very interesting
but mother, you make not
let other things come up & keep
