Dear Ray,

It was so nice of you to call Tuesday night. We loved hearing the report on the bread & the window. I do want to come & see the window now so I hope Daddy will have a trip to Waco this Spring & maybe we can go antiquing. We don't need anything else in the house. We found the fireplace set in cleaning the den & I told Bob to wash it. Well he fixed the shovel & polished the pieces. Everything looked nice but the base so I just painted the base with liquid gold & it looks surprisingly good. So we don't need a fire set right now.

Sarah is at school taking her last two finals. I know she will be glad to have them behind her. We go see Dr. Carr today for her Baylor Physical & then we may go shoe shopping. As soon as she brings Huck Texas home we will get your package in the mail. She plans to eat lunch with friends

Kim is coming this weekend. I need to get a few spots cleaned before she does. We are celebrating Jane's birthday tomorrow & I'll be taking Sarah to the airport so I won't have alot of time then.

Well I better get busy as the morning is fast passing by. Have fun in Dallas if you go.

Love,

Mother
