Dear Mother,

I am terribly busy, but I want to write to you so that you will get a letter from me to-morrow, I can't remember when was the last time that I wrote to you - time flies so quickly and there are so many things to do that I can't remember a thing.

Yesterday was Field Day, and we surely did have a dandy good time. Classes were not held yesterday, so we had an entire half day for the athletics which started at 2; 30. Field Day reminded me more of the Sunday School picnics that we have than any thing else. The campus was swarming with folks, all of the college people and many town folks. The races were over hardly in time for supper - and then I imagined that the supper was the lunch, for it was rather good; it happened to be ice cream and cake night. We surely did have a good time, Camelle is so sore, for she took part in several of the contests, I would have liked to but I could not give up the time that it took to practice. Old Anno surely did shine in winning of the different things.

Well Mother, I will not get off Mr. Hopkins letter until Monday - but I will let you know the mail upon which I send it so you can see him - I surely do hope that I can teach at home and be with you, would'nt that be fun? Talk up big to him, Mother, and get Mr. Hattel to see him to, for I think that they are personal friends.

Miss Campell has just been in here - she is the sweetest thing, I guess I will have to close for it is a quarter to five and the postman comes at five.

I loveyou lots,

RUTH.

I love you

Mother, I must tell you that Camelle is going to the convention in Atlanta Georgia the 10th of May - all of her way paid. She is going to get some new cloths. I am awfully proud of my room mate.
