

Seattle, Sunday

Dear Cleo, Gordon & family: -

As usual I'm a little late getting things done. We were glad to hear from you and know you had gotten something Mother H. wanted. There are times when the craving of the soul are more to be satisfied than those of the stomach. Cliff would surely love to have seen her when she opened them. Can only imagine how surprised she was. Am sending \$10⁰⁰ for our part. Suppose you had a nice day with Ruth. We ate turkey with Ruth, Lem and Mrs. Cooper. Laura Jean looked pale that morn and didn't want to go but I made her only to discover after I got to Ruth's that she was covered with chicken pox. Has been quite miserable since from the itching. Her temperature did reach 103° one afternoon. She is better today and I hope the worst is over. Cliff still works seven days a week. So far we have escaped an attack but am sure it is coming sooner or later because of defense works here. It was expected Christmas day. We have train after train of soldiers here. L. J. & I may stay too long but hope we get out if Japs come. Hope 1942 brings world something of good. Best wishes to all - Lovingly Jean
