CAMP  
SEQUOYAH

WEAVERVILLE, NORTH CAROLINA

July 3, 1949

Dear Mother and Daddy,

How are the weeds doing? Is poach still doing O.K.? The next time you write me let me know what aunt Mary said about coming back with us. Should I write aunt Eva a letter? I got camp & sub write me a route on how to come home and whether we can go back through Bomeot mov. Howard has learned how to swim some. He has a look pair of Kahki pants, a hat, and a pair of pajamas. He manages to keep every thing he has dirty. I don't think he has lost an ounce. When we past the tribe on our 13 mile hike he was exhausted. We have a folk dance team of 8 which gets to go to girls camps. I am on it. I developed the films at the darkroom. I have learned awful lot. Enclosed you will find several photos taken by John Wilkerson & developed by John Wilkerson and printed by John Wilkerson. Tell grandmother and aunt Ruth, uncle Tyson, Elvis and everyone else hi. I am getting some pic there this year. The car battery is really good. The motor gets damp and I have to work an hour to start it. The inside of the car

⑩ was damp and muddled, the speed  
ometer broken in Asheville.  
I didn't see a policeman all the  
way over, & no days on the trip  
we made very poor time  
because of rain. I will write  
to Gus when I find time. The  
sorriest boy in our camp is in  
the same cabin in in. The cookies  
got here yesterday. We set the bunk  
so they fall in and put everything  
we can think of in them. I didn't have  
a single flat all the way. I can't  
think of anything to say so I  
guess I'll close.

Love John Jr.
