Dear Folke,

Haven't heard from anyone this week. Just wrote Howard a letter with hopes of helping him. How is he doing? I am doing all I can to help him. Don't know what it is doing any good or not, but will keep trying. I have got a lot of work to do so will not write much.

I have a psychology test tomorrow & have a lot of studying to do for it. Also have a practice set to work on in acct. That stuff takes all night, more or less. I really had a nice time last weekend, but sure didn't last long. I let Carol gear drive from Aspermont to Abilene on return trip & I slept. I drove rest of the way & that short rest kept me from being real tired when I got here. We didn't drive very fast because the wind was really strong. Took us a little over 7 hrs. to get here.

Is there anything I could do for you in Dallas ~~at~~ November 20, Daddy? I may go over for the Baylor - S.M.U. game. I could spend all that Saturday morning if there is anything you want or need done. Let me know. I am not sure, but think I will go if I have time. Will probably come back Sat. night. Have got to go to studying.

Love  
John
