In Re: Hankins vs. Wilkerson
Our No. 1

Dear Madam:

In the above numbered and styled cause, in which there has been only one paper issued under our official seal, that being the execution issued on November 9, 1933, but which has never been returned to this office.

The person performing or carrying out the final stages of the execution evidently didn't realize that two persons freedom was hacked and mangled into fragments by his actions, or perhaps he did realize and was afraid to come out of hiding to return the instrument.

I suppose you have gathered by this time that your marriage certificate has not been returned to this office and if you will write to the person performing your ceremony and gently hint that he should hasten a little more in returning it, we will then record and return it to you in the best of condition.

Respectfully
Dudley H. Stovall, Co. Clerk.

By *L. Purce, Jr.* Deputy.
