June 23-1947

Dear John;- we received your letter of the twenty first today - and of course were glad to hear from you. yes - I knew the water would be cold - and that you would have lots of rain over there - but you are fixed for it aren't you. Say - why don't you date your letters? we started another house today on one of those foundations we had laid out down in the graveyard addition. We are getting along nicely I believe with the job on our new home.

We'll probably be ready to move into it late in July or early August. On that boxing - stay right with it. It is like swimming - an excellent thing to learn. I don't want you to be a professional boxer - nor wrestler - but I would like for you to know how to handle yourself when it is necessary. How are you doing with your shooting - horseback riding and swimming? what did you do with your money when you got to camp? maybe you did not have much left - how about it? yes - we would like to come over for a visit but can't get away - too much building going on - and not enough help here at the plant. yes - we hired two men. One lasted two days - the other one is still here. We may rent the house we are living in to Mrs Camp - over at the bakery. Oh yes. I was about to forget - they
