Dear Ray,

We really enjoyed being with you this past weekend. I am looking forward to having you home in only two more weeks. I hope that all of your final two weeks, including tests, work out just right. I am also very hopeful that you will find your summer job pleasing and worthwhile.

I am really proud of the way that you work your plan, each day, and I am impressed with how well organized you always seem to be. Being able to organize many different things, is a talent that very few people have, and I feel like that you are becoming real good at organizing everything that you do, day by day.

We really enjoyed your Sunday School class Sunday. Your teacher is a really sharp guy. Thank you for letting us share that time with you.

See you soon.

Love,

Daddy
