Dear Gordon

We will make it to San Diego
in about 2 hrs - 117 miles. It will
probably take a little more time
than 2 hrs but is a 4 lane
hwy most of the way. 101 alt.
Pacific Hwy. We have been
most fortunate so far as. We got
here at 10.00. They thought we did
well to find them and I thought
so to.

Gregory is adorable. Clyde is working
for a bakery on a route. I believe
he is doing okay. Gladys is expecting
in about 3 wks.

We are going to the beach. Clyde will
be in about 4: P.M and then I don't
know just what we will do. He is in
no mood for us to leave today, but
I feel that I simply must.

Our trip in last mite was right
strenuous. Salt air ruined our windshield wiperability.
