Dear Wilbert,

Mama and I don't mind
the disappointment as much as you
do as we think that we will be able
to enjoy ourselves at home, you and
Margret and "Little Nat" can come
down and we'll go in bathing and
have a fine time, then later on in
the summer if we should get tired
of staying at home we can go to
Dallas or New Orleans for a short
while, and then possibly it will be
so we can go to Washington another
summer and enjoy it all the more
for this disappointment, so don't think
about it at all, with lots of love to Margret and
Nat and yourself your loving Sister
