

Dallas Texas Tuesday 5 P.M.

Dear Cleo; - Bigness is good down here - and all is well with me except for a little lameness in one of my knees. Dont know what the trouble with it is - but if it dont get better soon I believe I will see a Doctor about it.

Have not had much company today. Jack is one of my girl friends (the only one that's been down to see me since she's been here) left town this morning - and I have been a little lonesome today,
Gordon
