or not. They are nice little pumps perfectly plain-rather long vamped. Camell and I tried on some hats too at the hat place and then on our way home we bought some oatmeal cookies - I thought that I could afford to spent the dime for it is all that I have spent for anything of that kind this year. I got my shoes polished and they look real nice - but not buch better than I can do them myself. We got a fashion book and I saw a cute way that I'd love to have that blue dress (crepe) that Mrs. Scrimgeour gave me made I will send it to you. The little girl is how RoseMarie will look when she gets to be about five if she does'nt cry much and if she minds her mama. I guess I will stop now.

Love to all,
RUTH.

Dear Mother,

I just remember that I did not tell you what the Y.W.A. is and I know that it must be aggravating when I do not answer your questions. The Y.W.A. has nothing to do ~~the~~ with the YW.C.A. (you should know that I do not take much stock in those things) It is ~~our~~ purely Baptist - just like the B.W.M.W. only it is for the younger women. After the meeting to-night, Miss Campell had just started to talk to us about our trip to Missouri. Now Mother, I would like to go, but don't you worry one bit - it I can go the way will open, but if I can't it won't - so don't you bother one bit about it. Miss Campbell had just started to talk to us when she had to leave us and talk to some other girls - but she said that she would see us. Mother, I wish you knew her - she is wonderful. To-night I asked her some-time to tell us how she did when she was a young girl so we could be big like she is -she laughed at first and then she got serious and said "I'll tell you Ruth, I led a Sunbeam

Beam Band for two years and twice during the meeting I had the Lord's Paryer because I could not pray another." Of course she knew that would be comforting to us. She is as pretty as she is sweet, too. The first week in April Mr. Gardner and Miss Elrod are coming to see us and we will have the courses in B.Y.P.U. work and then Miss Campbell says after they are gone we are going to have a study course in B.W.M.W. work for she says that our mothers are looking to us to help in that work when we get home this summer. She is going to try and each girl have some special work planned out for her to do this summer in her church before she leaves ~~her~~ here. Maybe I will organize a Sunbeam Beam Band. I can't take anybody's work. If Miss Campbell comes to the convention in Houston, I want you to get real well acquainted with her. v Ms

I won't have a thing to do to-morrow, I am going to mend some cloths - read a book and then go to town. (ain't that fine?) I polished my shoes up all pretty and wore them to church they look alright - I will get noe of good kind of polishings when I ~~go~~ to town to-morrow.

Mother to-night they had the election of officers for the W.W.A. and Camelle was elected Pres. and I am sec. ani't that fine? You see they always elect officers for the next year in March so they will get good into the work by the next year.

I'll goto bed now.

I took one of my pills last night, I don't know yet how I am going to like it yet. The breakfast bell has just rung so I guess I will main this.

Love,
RUTH.

No I believe I'll wait until after dinner and let you know how I came out in French.

Dear Mother, Miss Million has'nt graded our papers yet - and I am still mighty scarad. The more I think about it the searder I get.

We had lots of fun in town yesterday - we dressed up pretty (I wore my blue dress and red beads without a coat, my black pumps, and my cute hat) Camelle got some shoes and I almost decided to get some like them they are only \$5.00 and then they would be 4.50 fot us. They are just what I want for this summer - the low military heel - patent leather not real thin but that thick kind. They are cheep shoes and wouldnot do if I had to go to some swell reception or dinner party - but they are what I want for church wear and nice wear that is not unusual. If you think that they are what I should get (I am not planning to go to anything very swell) please send me the money. The man said yesterday that they were the only ones that he had to fit me, I don't know if he wastelling the truth
