Dear Gordon,

Tuesday

I made an error in my schedule after all. I am on until twelve on Thursday and so of course I could not be in Dallas at 10 o'clock on that day. If you come on Thursday I believe it would be better for you to drive to Denton and I would go on with you in your car to Dallas, spend a few hours, have dinner and I would take the interurban back and you could be on your way to Georgia.

The weather report indicates that we may have colder weather. The air seems to have a possibility for sleet now. So for that reason I am not anxious to take my car. Another reason is that my new tires are not here. You know I have wondered what would happen if I had a bad blow-out — well I found out on last Friday on my way into Ft Worth. The car I was meeting got out of my way and I did not go in the ditch, but it scared me sufficiently that I have bought a set

of six-ply Daton tires. I felt so helpless  
about buying tires. I had not priced tires  
and had ~~no~~ idea of what to expect.  
So I bought a four ply good year in  
St. North and come back here to get the  
others. When I priced tires I wished  
that I had a Ford.

I have to go to assembly this morn'g  
so I will mail this now (9:30). If I  
get a letter from you today that  
needs answering I will attend to it,  
otherwise I hope I may see you  
one day this week.

I went to see the college production  
of "The Fool" last night. I was  
very well done. I will tell you  
about it when I see you - if  
you like.

Mae.

P.S. - Do not buy me a lot of food.  
Save your money. - m.
