

Robert was awfully nice to me. He seems different in his own home. Loretta did have a nice time. Corrie & Vernie had such good things to eat.

Mrs. Hay has let her hair grow out, & it looks nice. Elizabeth is about two weeks taller than I. She is not at all pretty & I don't think very charming. She was out to S. M. W. S. He will finish this year - he's a pretty good kid I still a little ready - change around his mother all the time. Elsie was sweet, & I don't know her husband - they all live together - you know, Cousin Annie's little boy are adorable. Jack has a cat on head & blue eyes & so nice - shears. They are both dear. The house is awfully too - out on the lake. She is a real elegant. Elizabeth said her disposition was even more wonderful than

I saw Mother,

Boylan College
April 15, 1919.

It is 9:30. I had intended writing you early - but I just can't find the time. I did see the lady would love it except me, but it always helps me to write them sometimes. We'll make the time ourselves. In the water tower I had & to the Y. W. C. The Y. W. C. met out on the Elks Camp for - night there were about three hundred people there. I am sure a little but Corrie said it was good. I am glad I did it, because I would it nice to have next time. I think I believe that it is easier

to talk to a big crowd than to
few people. At the Volunteer Band
there were only about ten, & I did
not bother to sing. I said the
same speech, both times.

Well, mother, everybody in
Dallas is so anxious to have you
come up there, & how Jewish you
could go right now & stay until
I get home, it would help you
so much. Mrs. Falkenstein wants
you so much. Mother she has
the dearest baby I have ever seen -
perfectly adorable. Another than
Walden was - she hasn't so much
of the J. in her; she is not at all
strange. Show you would love her
to death. She is such a pretty little
baby. Walden is just sweet little
cubi he. She is even more affectionate
than she was in Galveston - but
she is of course a little pricier, she
is taking artistic dancing lessons
Mrs. F. said she was a beautiful dancer.

Walden told me her desire to grow
just a little bigger so she could go
on the stage. I well, you see that she
is a darling little girl, & I know well
forget those notions when she grows
bigger. Rudolph is a fine boy - just
the same, sweet little boy he always
was. He has charge of all the district
of the Southern State - teaching
Book N - very company. He travels
with other Southern State - like
you. I know just how the day goes
there - and isn't something yet!
They have a beautiful car. Glad to
not like Florida much longer.
They have only had it a month.
Why certainly are a sweet family.
I had a good time at
Cassie's picnic. Cassie's grand
had been staying with her but
the day I was there she was
morning. Aunt Maggie was to leave
Thursday for the north. Richard
has certainly gotten big. Did you
get to see LeRoy - his radio date.

wholly over to town & there was
nothing to do but buy a pair
I got all hair for 89¢. They had
the little bundles in there but I
caught them up & they seem to
be alright. I couldn't get a better
pair because I didn't have the
money. I had spent \$4. of the \$10.
you gave me for books and all
I haven't gotten them all so had
one left. My shoes were \$5.50. So
you see how much I had. I will
loaned me \$1. & so I am left
that \$1.50 for business got me, & I don't
think of having to pay for that, I
started to take only .65 & for about
a year now not borrowing from
Carrall. The committee has made a
lot of errors, it wasn't just as important
as to need have been faithfully
been all Baptists.
We have had several years
as I must stop.
but of love to all
Ruth

before she started. The Hays are seem
to be sorry - but I can't tell if they
are really or not. But it seems
a pity that anyone so sweet as
Cousin Maudie, could be so
misled. Cousin Arthur is guided
too. He was a Presby. Minister but
joined the Methodist & was
made a Steward. Shortly after
he joined the Methodist Cousin
Maudie turned. He goes to
the Methodist & she goes to the
other place. Elizabeth said she
is glad now she made it. She
reads the stuff all the time. She
had Hay paper for so long & that
was all. I saw Mrs. Randall
there at Hays - she had dinner
with them. My best love to
those you had regards. Of course
you know Elsie, Mrs. Hays & Cousin
Maudie. I see you lot of love.
I didn't get to see Cousin Catherine.
I believe that is all the folks I
saw. Now don't you think I had

a good time? W. Sunday after noon
and evening while I was at Cairn
Yonies - Went busy & her sister
dressed by. Her sister said she
might go to Galveston - do you
may leave at visitor. Delightful -
All yes??

The convention was wonderful.
It is a convention of those who
have volunteered for foreign
mission service, & of course
others who are interested in any
kind of Christian service.
There were speakers & missionaries
from all countries - they tell
us many interesting things
we had a note book & everybody
took notes. There were about
two hundred delegates - from
State W. & all the colleges & universities
& normals in the State. It seems
that Mr. Henry used to be a
member of that body. I heard
lots of folks say how much

they missed him. The folks
from State & Baylor C. give
her a great love & greet him.
They said he was surely a big
wider. Mother & Mr. Sherman
Stewart was made president for
next year. He lives in Galveston
is he a Baptist? I suppose he is
at the college. He may be Methodist
or Presbyterian.

Whether if you could send
me some money - I'd be glad.
You see they gave me my railroad
fare - & then I had to pay 1.00
for registration fee - then about
has there, & our dinner in town.
The dinner was about six
dollars amount to much but I
took the chance alright & then
I had to buy a few of stockings.
I borrowed a few. From Mr.
Wilson & the first day we were
there were of buying a whole lot &
gave her her shoes & some her
